### Impact of Great Eastern Japan Earthquake on Operations (#6)

The Mitsui Chemicals Group updates previous reports on the effects of the March 11, 2011 Great Eastern Japan Earthquake on its operations.

The Group continues to assess the effects of the serious power shortage and implement ongoing power reduction efforts to save power at its operations.

#### Kashima Works (Kamisu City, Ibaraki Prefecture)

- Repair work continues at some facilities. Preparations for scheduled regular maintenance from mid May to late June are underway.
- Operations will be resumed after completion of scheduled regular maintenance.

The abovementioned schedule is tentative and subjected to change.
