Mitsui Chemicals, Inc.

Mitsui Chemicals ICT Materia is Starting its Business **Established to be a film solutions company specializing in the ICT field**

Mitsui Chemicals, Inc. (Tokyo: 4183; President & CEO: HASHIMOTO Osamu) has announced that new affiliate Mitsui Chemicals ICT Materia, Inc. (ICTM) is starting its business as of April 1, 2024.

ICTM has been established as a film solutions company specializing in the ICT field. The company will supply film and sheet products required in the ICT industrial field, including semiconductor, electronic component, and photovoltaic panel manufacturing. In addition, ICTM will leverage the comprehensive strength of the Mitsui Chemicals Group as it seeks to enhance technological innovation and competitiveness by means of an integrated setup from base resins to film and sheet processing, allowing the company to provide solutions that offer additional value.

■ Overview of the new company

Company name	Mitsui Chemicals ICT Materia, Inc.									
Business	The production and sale of protective films, films for the electronic component manufacturing process, and other such industrial films and sheets used by the semiconductor, electronic materials and optical sectors, as well as the production and sale of solar cell encapsulants									
Address	Yaesu Central Tower, Tokyo Midtown Yaesu 2-2-1 Yaesu, Chuo-ku, Tokyo									
Employees	350 (approximate)									
Capital	350 million yen									
Shareholder	Mitsui Chemicals: 100%
