Mitsui Chemicals Group 2014 CSR Communication Report

The Mitsui Chemicals Group 2014 CSR Communication Report features articles on distinctive and noteworthy CSR activities undertaken by the Group in 2014.

In fiscal 2014, Mitsui Chemicals announced its 2014 Mid-Term Business Plan. In the plan, the Group positioned contributing to society through business activities an important part of its corporate mission thereby confirming its approach toward CSR activities and the Group’s overall direction.

In line with the Group’s mission, the 2014 CSR Communication Report discusses the Group’s position as a solution provider to global social challenges by identifying major Group products which help promote sustainable development of society while keeping in harmony with the global environment. Special features focus on important activities including efforts to help realize a healthy and happy ageing society and initiatives designed to support industrial platforms by frontline strengths.

More information on Group CSR efforts is available on the official Mitsui Chemicals website at:

Cover Design

The cover of the 2014 CSR Communication Report features the work of Naoko Niimi, an artist registered with the Able Art Company. The work depicts people working industriously and engaging in close-knit communication, symbolic of Mitsui Chemicals ideals regarding work and production.

Comment from Yumiko Shibasaki of the Able Art Company

The Able Art Company is an NPO that serves as a conduit for artists with disabilities and businesses. Our goal is to enhance awareness of the disabled to help realize a more symbiotic society. We hope that the selected work will help the Mitsui Chemicals Group showcase its CSR activities.
